DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by
Leung, 6,415,353.

Leung, 6,415,353, discloses in Fig. 1 a memory device comprising:
a plurality of DRAM banks 0-63;
data access control circuits 100-163;
as shown in Fig. 10, memory bank controller 2007 for enabling a refresh operation in the memory bank (see lines 21-22, column 5), generating refresh enable signal REF[n] to independently control the refresh operation in each memory banks (see lines 3-5, column 3) and preventing all memory banks from enabling simultaneously during the refresh operation (see lines 46-50, column 3).

Allowable Subject Matter

3. Claims 5-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Response to Arguments

5. Applicant's arguments filed on 5/1/07 have been fully considered and are not persuasive because Leung, 6,415,353, does disclose memory bank controller 2007 for enabling a refresh operation in the memory bank (see lines 21-22, column 5).

Therefore, a **FINAL** office action has been set forth as above.
